Subject: Contract for building clean water facilities

I'm curious and hopeful that Grover and Pismo agreed to hire locally. It makes so much more sense to keep the money in the community.

Thank you for standing up for this important position. You do have off-ramp leverage, correct?

Thanks,

Janice Reid

Subject: Central Coast Blue

I hope that Arroyo Grande does not move forward with Central Coast Blue. Pismo and Grover's position outweighs the benefits.
