DATE: JUNE 15, 2021

Attached are comments received after agenda preparation regarding the proposed project.

cc: City Manager
Community Development Director
Public Review Binder

To Whom it may concern,

6/14/2021

I am opposed to any more buildings being allowed in the city of Arroyo Grande because, do not believe we have enough water for build out, despite what the city tries to tell us.

I feel we should have a building moratorium in place at this time because of the severity of the drought.
