

Mayor's Commendation

Presented to

JB Auto

In recognition of your effort toward beautification of a commercial property, including exceptional thematic design and overall tone. JB Auto cultivates a sense of 40's streamline and international style which elegantly support the automobile focused styling of Traffic Way while speaking to the historic character of the Village. May JB Auto inspire other businesses in their beautification efforts in our Traffic Way corridor.

Dated this 28th day of September 2021
