**Subject:** City Council Election by District

Good Morning Mayor and City Council,  
Good Morning Jim Bergman,

Just learning about the proposed Districting for City Council elections. I love that!...

A group of citizens have thought about this concept for years and glad to see it is finally coming to the attention of City Government.

Encouraging citizens from throughout the City to participate in the election process City Government is extremely important.

Providing encouragement for Citizens from throughout the City limits to participate is important and will certainly be beneficial to the entire City.

I urge the Council to move forward with the change by creating specific Districts for Council person elections.
